Guided Reading and Reading Games with Roy the Zebra
A wonderful guided reading story with accompanying printable worksheets and guided reading discussion sheets. There are 80 interactive literacy games, stories and songs for use in school or at home. Well worth a look!
Audience: Key Stage 1

Science Clips
Definitely one not to be missed! Fabulous interactive Flash science activities for primary-aged children matched to curriculum requirements throughout the UK. Brilliant for use on interactive whiteboards too.
Audience: Key Stage 1

Calculation Balance
An excellent site for addition, subtraction, multiplication and division practice. Good for learning your times tables. Also it is a useful tool for teachers to demonstrate balancing simple equations.
Audience: Key Stage 1, Key Stage 2

Online DriversEd Game: This is a fun driver education simulator game for kids or Big Kids. Select a driving instructor and try the practice lessons or go straight to your driving test. Use the arrow keys as your steering wheel to move your car around. The space bar button is your brakes. Click the "Back" button or the "Refresh" button at the top of your browser, to begin again or to change instructors. Drive safely!

Arm Surgery 2

Arm Surgery 2 is an educational online activity for children who dream of becoming doctors, nurses or other medical professionals one day or just for today. It's your first day of work at St. Flak's Hospital, but you will be saving lives in no time. Choose your language at the right bottom corner of the game screen. Then click 'Operate' to start the surgery or 'How to Play' for Lara, the head nurse, to guide you through the game stages. A distressed patient with a bump on her arm is brought into the hospital. First, the nurse takes her to the x-ray. Your objective is to successfully operate on her broken arm afterwards.

Start treating the patient as quickly as possible. Answer the nurse's questions, choose the correct treatment for the injury. You must pick out the correct medical tools (such as scalpel, tourniquet, sterile string, tongs etc.) If your actions are quick and efficient, your patient will be back to good health in no time. However, if you are too slow or make too many mistakes, the patient can become too unstable to continue with the operation - and you will fail. Therefore, do your best and save as many lives as you can!

Air Transporter

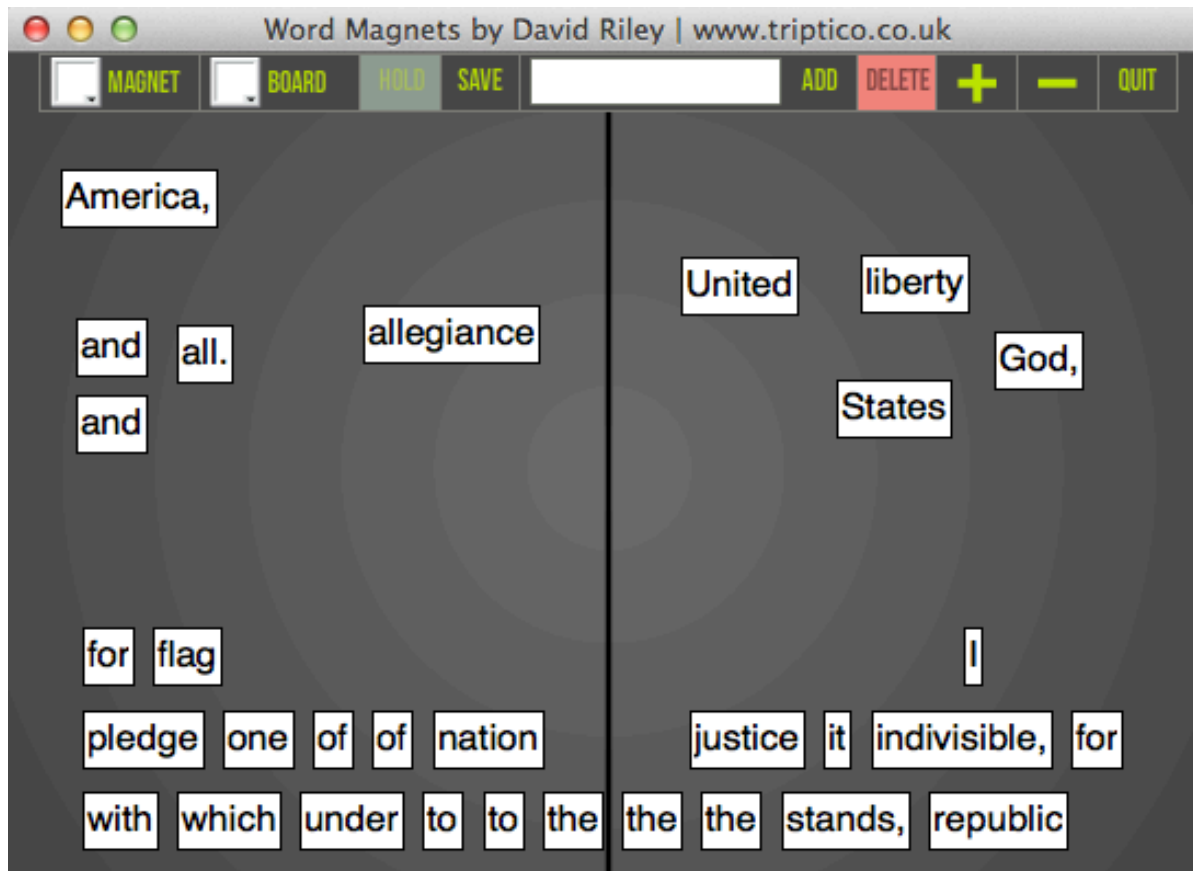

Air Transporter is a challenging helicopter-flying simulation game where you have to transport various different types of cargo (air freight) using slick piloting skills. Your helicopter has two retractable ropes that can be attached to items such as crates, bridges and water containers - and you have to carefully carry this cargo from one part of the level to another. You have to build houses, bridges and other structures with your load, as well as quenching forest fires and helping cars across ravines.

Avoid dropping any items into the water, and carefully place them into the correct positions using your retractable ropes. In some levels, you'll be flying against the clock, so you'll need to utilize your quick reaction skills. Controlling the helicopter and managing the ropes simultaneously is extremely tricky, so you'll need nifty fingers in this fun skill activity. It will certainly test your creative engineering and multitasking skills, as you have to build structures while carefully maneuvering your helicopter and its cargo in order to succeed. This addicting helicopter game follows the laws of gravity, so keeping your aircraft and cargo balanced is the key. Ok Captain, can you handle that chopper? Good luck!

Free Software Set

- <http://www.triptico.co.uk/download-the-app/>

Use Offline tools – like PPT!

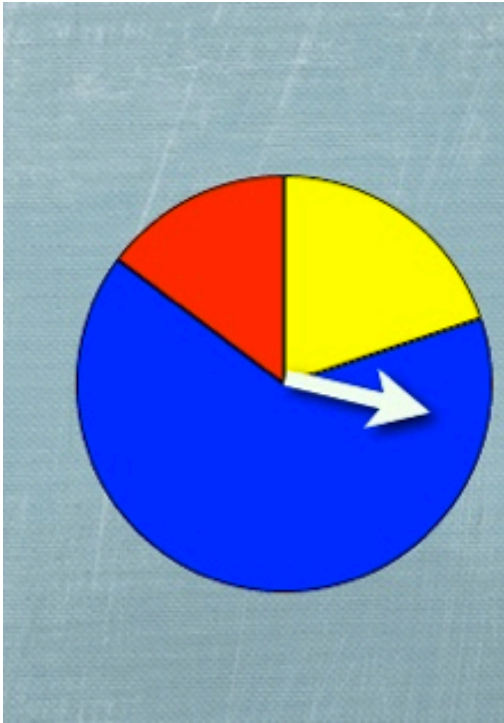

- Yes, PowerPoint...

The slide features four small images stacked vertically on the left side: a beige desktop computer, a red apple, a close-up of a finger, and a woman performing on stage. To the right, a vertical line divides the slide into two columns. The left column contains the text "Apples - fruit" and the right column contains "Apples – not fruit".

Apples - fruit	Apples – not fruit
----------------	--------------------

Still ask the questions...

Just in case I missed your boat...

- <http://www.theproblemsite.com/games.asp>
- <http://www.gamequarium.com/>
- <http://knowledgeadventure.com>

- And, from the crowd....

A “couple” of apps...

- Games:
 - Futaba
 - Bluster
 - Factor Samurai.....

Thanks!
